

YouTube - Using <object> or <embed>

Note: YouTube <object> and <embed> were deprecated from January 2015. You should migrate your videos to use <iframe> instead.

Example - Using <object> (deprecated)

```
<object width="420" height="315"  
data="http://www.youtube.com/embed/XGSy3_Czz8k">  
</object>
```

Example - Using <embed> (deprecated)

```
<embed width="420" height="315"  
src="http://www.youtube.com/emb
```
